

AUTISM:

Early detection can improve outcomes.

DID YOU KNOW?

- **Autism is a group of complex brain development disorders**
- **Autism Spectrum Disorders (ASD) can cause difficulties in social interaction, verbal and nonverbal communication and repetitive behaviors**
- **1 in 68 children has an Autism Spectrum Disorder**
- **The most obvious signs of autism generally emerge by age 2 to 3**
- **Autism is the fastest growing developmental disability in the US**
- **Boys are nearly 5 times more likely to have autism than girls**

Screening tools and/or assistance with referrals to a specialist are available at Generations.
